

COAST TO COAST REVISITED INNER WHEEL DISTRICT 17 Autumn 2024

We are District 17 in Devon, one of 28 Districts in Great Britain and Ireland with more than 10,000 members. We are 5 Clubs spread across Devon: Barnstaple, Dartmouth, Exmouth, Okehampton and Torquay.

Our clubs are the bedrock of Inner Wheel. Districts link our clubs together to form each Country's Association, and Inner Wheel is now spread across 100 countries, the first club starting 100 years ago in Manchester. To find out more go to <https://innerwheel.co.uk/our-districts/> or email iwd17sec@gmail.com

💬 Teamwork

Our District Rally (above and on the [IW Website](#)) is one of the first events of our year after the Association and District Assemblies when the Committee Members learn about, or are reminded of their roles and responsibilities.

OUR DISTRICT EXECUTIVE COMMITTEE 2024 - 2025

District Chairman - Louise French

Hello. I am Louise French now but I have also been Louise Lenihan and Louise McMahon.

I was born on the 16/09/1961 at the Western General Hospital in Edinburgh, Scotland. It was a stormy night the night I came into the world breaking the record for the longest baby born to date. I was 24" long and I was also born with a cawl over my face.

I have been married twice and I have 5 children, 4 girls and 1 boy. I also have 3 grandchildren, 2 boys and 1 girl.

I love reading, socialising, crafting and singing.

I have also loved my time in the Inner Wheel since I joined in 2017. I have met some wonderful ladies and eaten some really delicious lunches and dinners. Having enjoyed so much in Inner Wheel, I would hate to see it cease to be.

As District 17 Chairman, I have really loved travelling about and around Devon, visiting clubs and being royally treated by the hostess of the club. It is an honour and pleasure to make new friends of these ladies and to serve them.

Member of Council - Gay Ross

Hello Ladies,

As your Member of Council I will be regularly attending meetings with all the other district MOCs (there are 28 altogether) and the Association Exec. This is a broad cross-section of Inner Wheel across all of GB&I and makes for interesting and differing views!

The most important topic at the moment is making all Inner Wheel Clubs look the same with their publicity; posters for events and hand-outs etc. Known as 'The Toolkit' it is something you will hear a lot about now. Like all big organisations their corporate image is something we recognise in colours and logos from Macdonalds to Marks & Spencer. Inner Wheel must now use the toolkit to produce their posters and publicity to have the same corporate look.

I think most of you know me but for any new members I belong to the Barnstaple club joining in 2007. I am married to Brian and have two sons who both happen to live and work in the Bristol area with their respective families. Before I retired I worked in the office of a large comprehensive school where I was asked to be a non-teaching school governor – this has stood me in good stead for being your MOC as the role is similar!

Secretary - Margaret Nosowska

Hello from Margaret, just to give a few details about my IW life: conventionally, I joined IW in the 80s when my husband joined Rotary. My club, Rugby, was very lively and active so I stayed busy there and found myself President twice and Treasurer for some years before getting drawn into District Committee as 2nd Vice Chairman. Spacious days, those.

This left me chairing during Covid, which was memorable. We became fairly happy zoomers, did quizzes online and put together a cookbook of recipes for singletons, for charity.

I moved to Devon in 2021 and found Torquay Club both welcoming and active. Also in need of Committee members, so I agreed to try the secretary job in 2022. This led, in 2024 to my taking on the District Sec role. This is a work in progress.....

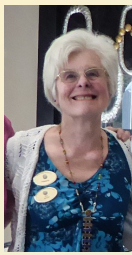

Outside of IW, my worklife was in Adult Ed, now winding down but still much enjoyed. Interests are mainly family, with 5 grandchildren who keep us on our toes, travelling whenever and wherever possible, and the minimum of housekeeping. We now live in a Retirement Village which helps with this!

Vice Chairman/Membership & Development Officer - Deirdre Stewart

Hello. We moved to Torbay in 1996 when my husband took up the post of Head Teacher at Westland's School, Torquay. Michael was asked to join Torquay Rotary and as his wife I was invited to join the Inner wheel of Torquay by the retired head teacher's wife Dorothy Madonna-Jones. I had had to leave my full time teaching post in Kent and was doing Supply teaching and later some home tutoring, as well as keeping an eye on our three fiercely independent parents, my father having died in 1966.

At first, I was too short of time to do much to help but gradually I took on roles in the club such as club correspondent, club president and was invited onto the District Committee. I attended a couple of conferences and became District Chairman about ten years ago. The more I did, the more interesting I found the club and organisation to be. The Convention in Melbourne and this year in Manchester were wonderful chances to meet members from overseas.

Treasurer - Pat Bunch

I started my Inner Wheel membership in Winchester where my husband Peter was a member of Rotary. Over the almost 10 years there I was Correspondent and Speaker Finder for 3 years and Assistant Treasurer for 3 years. I learned to play bridge with a group of Inner Wheel ladies, taught by a Rotarian. We also had a French conversation group which met once a month.

At that time I enjoyed hosting foreign students, through Rotary, and also exchanges and visits to Europe, the USA and New Zealand. We also stayed with a Rotarian in Durban, South Africa when Winchester, Oberhausen (Germany) and La Havre (France) donated soup kitchen equipment to the homeless around the docks.

I have enjoyed the past 10 years in Barnstaple Club being Treasurer for 4 years, President for 2 years through Covid, and International Service Organiser for 3 years. and at present am District Treasurer for the 2nd year. I'm helping Rotary Link with their monthly club for dementia, assisting them with their Primary Reading Scheme and supporting Age Concern. I also run a weekly Keep Fit group for our club members on Zoom. I have enjoyed Inner Wheel Association conferences in Cardiff and Blackpool as well as the Association Centenary Lunch in London and the International Convention in Manchester last year, meeting Inner Wheel members from all over the world.

International Service Chairman and Editor - June Tamlyn

Hello, I have only been in Inner Wheel for 10 years but during that time have been Minute Secretary, Treasurer and Secretary before becoming President of Barnstaple a couple of years ago. I have really enjoyed getting to know everyone in our club as well as having the opportunity to be a tiny part of the much bigger Inner Wheel picture at the Association Conference and the International Convention.

My family, still very important, teaching and heading up Georgeham School and then Torrington Learning Community kept me very busy before I retired and then joined IW. Amongst so many other things in my life, going to Uganda, initially as a Global Teacher, through HSBC, and then again with my husband Gordon, with Amigos Worldwide to Kira Farm, was so thought provoking. Also being involved with all the Farwell family and their inspiration and commitment to the creation of Children's Hospice South West nearly 40 years ago from their home in Marwood. It is hard to believe there was only one Children's Hospice in England then. Local charities are so important here but that is not the case in so many other countries, and I am delighted that IW is so involved.

Minute Secretary - Sue Naile Although this role is not officially part of the District Committee, Sue's role is such a significant one. We are all so grateful for all her knowledge and support that she still gives, following on from her role as Secretary of D17 for the past 6 years. *Thank you.* 4

A Little About Our Association And International

Inner Wheel Presidents

ASSOCIATION PRESIDENT - I am Heather Sheerin from D1, a member of the Inner Wheel club of Inverness, and thrilled to be representing Scotland. There are 28 districts across the whole of Great Britain & Ireland, with a welcoming club waiting to meet you.

(Unfortunately, Heather was not well enough to come to our Rally but Vice President Pam Boyes represented her and we are delighted she is able to continue her year with us all now.

Arthritis Action is her Charity for the year.)

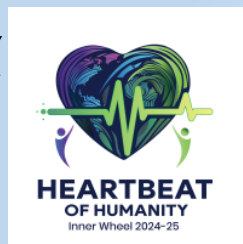

INTERNATIONAL PRESIDENT Mamta Gupta, joined Inner Wheel 23 years ago and has made an incredible impact at every stage of her Inner Wheel journey, in a country so different from our own. As President of the IW Club of Calcutta, she acquired land to build a home for the elderly. In 2015-16, as DC Mamta was able to chronicle a history book about the existing 51 clubs and the first E- Newsletter was launched.

As India's Inner Wheel's Association President in 2019-20 she collaborated with other National and Government bodies to oversee the adoption of over 600 orphans and foster caring for over 24,000 children, showcasing just one of her initiatives for an unwavering commitment to social change. Additionally, 73 new clubs (23 New Gen) were formed, and 6840 new members were inducted.

Mamta's tenure as IIW Board Director in 2020-21 was focused on building relationships with clubs scattered globally. Last year, 2023-24, as IIW Vice-President, Mamta continued to blaze trails, overseeing the formation of new clubs and expanding Inner Wheel's global footprint. Her influence has crossed borders, as evidenced by her instrumental role in establishing a new club in Uganda – with 43 members, sponsored by her home club, Mamta has epitomized resilience, innovation, and amazing dedication to service.

This year as International President Mamta has already started her work in Uganda to vaccinate 1,000,000 girls against cervical cancer using the bedrock of the IW clubs to establish links with the communities. Like our Year 8 girls in England, who have automatically been offered the vaccination since 2008, they too will now be offered this protection!

OUR CLUBS - THE BEDROCK OF EVERYTHING INNER WHEEL

BARNSTAPLE - We meet on the first Tuesday of the month, at 12.30pm for lunch at the Barnstaple Hotel except August and January.

President - Sue Thomas I grew up in the Pilton area of Barnstaple but when my two sons were little we moved to Braunton. When they left home and I was on my own I decided to move back to Pilton. I worked for over 25 years at Home Hardware SW based in Pottington in the roles of invoice purchase clerk and then events manager. I decided to retire early and enjoy a slower life with my hobbies of knitting, scrabble and socializing.

I love travel and, in the past have visited over 20 countries. These days I tend to go on coach trips in England so that I can sit back and let someone else do the driving. I also enjoy spending time with my five grandchildren aged between twenty-two and seven.

I joined Inner Wheel in September 2019. At the first luncheon, I was warmly welcomed and went on to make many friends. The next year I was invited to join the committee, then became Vice President and now I am in my second term as President. This role can keep me busy but I enjoy meeting up with everyone over coffee mornings or our monthly lunches and I am so pleased that I joined Inner Wheel.

OUR CLUB We hosted the D17 Rally again this year and our Pre-Rally Cream Tea was very noisy with friendly chatter! The Rally Lunch was delicious and a lovely occasion. We continue to thrive as a club with 4 new members this year taking our total to 52.

Our President Sue's Tea in August was another lovely occasion, hosted by Tina, raising money for our joint our 80th Birthday celebration and District International Rally on February 8th next year. Members also volunteered at the North Devon Show, serving teas and coffees to visitors, We've had interesting speakers and in October four Park Community College pupils and their teacher told us of their experiences in Uganda, staying at Kira Farm, with the trainees there - everyone learning so much from each other, on this inspiring journey with our local international charity Amigos Worldwide.

A Coffee morning at President Sue's and special sessions to put together 36 shoeboxes and create recycled Christmas cards have followed with lots of preparations in between. Keep fit, reading with primary school pupils, and our monthly newsletter ([also on the IW Website](#)) raffle and food donations continue.

We have a fundraising quiz planned in November for the Sightsavers along with a Christmas Coffee morning for CHSW, hosted by Lorna, as well our usual Christmas lunch and festivities with family and friends. Busy and lots to enjoy! *Best wishes to all, Barnstaple* 6

DARTMOUTH - We meet at Stoke Fleming Village Hall TQ6 0QT. Meetings are held at 14:30pm on the second Thursday of every month.

President - Jenny Mills. I was married to John who was a member of Dartmouth Rotary Club, and I have been a member of the Inner Wheel Club of Dartmouth for about 28 years. **We are very good at recycling in my club and I am now President this year for 8th time.** In the past I did Overseas for a short period, took over as Treasurer and been in and out of Member Secretary!

We now have only 12 members so it is becoming quite difficult every year when we need to update the committee. So far we are managing, thanks I guess to us not wanting to close, so everyone seems happy to carry on.

In August we had a table at Rotary's Fete, we did a tombola with items all wrapped or in pretty gift bags, collected by members over the past year and made nearly £300.00.

In October we had a visit from Louise French and Gay Ross for lunch and talk. The shoeboxes, which we do every year are ready to go to Moldova through CR2EE. Many thanks to Pam Bennet for covering so many of our boxes, year on year!

At our November Meeting we have a lady coming from Ear Care, something we all should do is take care of our ears. We are also getting ready and creating a hamper for the Christmas District Lunch at the Waie Inn.

In March we will be organising the District skittles match which is always enjoyed by many members of our District.

Our fundraising this year is particularly for MNDA (Motor Neurone Disease Association) and we are collecting for Mary's Meals and CR2EE

I wish all other clubs a successful year in the Inner wheel family Jenny Mills

EXMOUTH - We have a monthly knit and natter and our club meeting every 2nd Thursday of the month, is at the Imperial Hotel. Should you ever be in Exmouth, do come and join us.

Club President - Iris Buteux

This will be my 3rd time as Exmouth IW president, and sadly our number has now shrunk to ten enthusiastic members.

I spent my first 24 years living near Epsom in Surrey. When I married my late husband Don, we spent 3 years in Solihull W.Midlands and 3 years in Alton Hampshire. We moved to Exmouth in 1979. I have two daughters. One lives on the Isle of Wight and one up in Sheffield plus 5 grandchildren aged between 16-22, so all are a distance to visit. This makes Inner Wheel an important part of my life-to have good friends. We may be few in number, but we raise money for local and worldwide charities with coffee mornings and tombola's etc.

MORE ABOUT WHAT WE HAVE BEEN DOING THIS YEAR

Gerry Creed, our Past President now, entertained us to a BBQ in her garden for the change-over meeting in July. Her husband Martin manned the BBQ while we had our meeting. Gerry handed over the presidency to Iris Buteux who is looking forward to guiding us through another year of friendship and service. She also welcomed a prospective new member.

Gerry organised a stall at the Exmouth Rotary Classic Car Event in July, when all proceeds went to Hospiscare. We ended the month with a working party to sew, knit and natter at member Pat Hawkin's home. We have taken numerous blankets and scarves to CR2EE, all made by members.

Iris said she would like to meet up during August, so member Sarah Winks offered her lovely garden for the occasion. The weather decided differently and we had to eat indoors, but it was a happy gathering with lots of chat.

We're back to our normal venue at the Imperial Hotel from September with a programme of events both social and fund-raising, starting with our monthly working party. Sue Turner has organised a coffee morning at a local church which is as much a community effort as it is fund-raising. She has a further 4 more dates booked during the coming year! A very successful Fish & Chip Supper for The Red Cross is also being organised.

Exmouth Club enjoy our get-togethers. Even though we are only 10 members, we manage a full house almost every meeting.

At the end of July Sue Naile, Gerry and other members represented Inner Wheel wonderfully at the local Church Festival at the end of July. The hymn chosen was 'Give me Joy In My Heart Keep Me Serving' - What a wonderful way to share Inner Wheel within the Community.

Exmouth is the base for collection of all the goods that are collected and taken to Moldova and Ukraine through cr2ee. (Christian Response to Eastern Europe) They send out a lorry to one or other country about every 6 weeks. Every club in D17 supports them and cr2ee are grateful for our donations. They are able to sort and store all donations in a disused Kindergarten. They only open twice a month for donations but volunteers spend much more time carefully sorting the goods to get them ready for transportation and passing through several lots of custom checkpoints!!

These photos were taken in the middle of October and the next lorry will be going to Moldova with over a 1000 shoeboxes. Six weeks

later donations will include clothes, bedding, kitchen utensils and generators heading for Ukraine.

OKEHAMPTON

Club President - Jean Fisher I am delighted to again have the honour of being President of our wonderful club. Okehampton Inner Wheel continues to grow with two new members this autumn with a willingness of our members to take on anything to help other organisations in the town.

This year I am also carrying out my second year of being Mayoress of the town which has made life much busier but very interesting. My husband Allenton insists on attending anything and everything we are invited to which has included many occasions to the north south east and west of our wonderful county. We have also been across the border in Launceston and Lostwithiel for Mayor choosing and have informed them quietly that the cream goes on the scone before the jam.

I am so grateful for Inner Wheel which has given me so many good friends both here in Okehampton and in Lincoln, where I started my Inner Wheel journey, over 30 years ago.

....And more about what our Club has been doing ,,,,,,

Our Year began with a Tea Party hosted by President Jean, and given the summer we have had it was an indoors occasion! Members found themselves donning the heavy duty wet weather gear to do gate duty at the Okehampton Show, sadly not conducive to the usual friendly community event we usually enjoy so we're hoping for drier times ahead.

This was followed by Rotary's Summer Fair, where we served teas and of course lots of lovely home made cakes made by our members. The photo shows Joan, Yvonne, Sheila, Muriel and Val in the Tea Tent at Rotary's Summer Fair.

Too hot for our IW sweatshirts but a large banner outside the tent proclaimed our presence!

Another event where we support Rotary is their Golf Day, our golfing members are always willing helpers for this.

Other opportunities we have had to support our community include providing refreshments at the reopening of the Charter Hall, after its lengthy closure while a new roof and general improvements were made.

There were more refreshments for St James Tower fund raising Concert and most recently, several members flew the flag for IW at the Civic Church Service, which saw President Jean once again acting in her capacity as Mayoress. The usual procession was cancelled due to a ferocious storm which rained on our Parade! Still, those golf umbrellas got another outing. We are now looking forward to drier reports for future events lined up for the rest of the year.

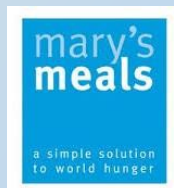

We continue to support local organisations and so far the Brownies have received a donation from us. We continue to knit baby blankets, jumpers, hats and scarves as well as teddy bears, and fill Shoe Boxes which the Methodist Church will take to Ukraine.

Kiva is still our long term international charity and members are looking out the foreign currency for Mary's Meals. We are currently deciding, as a Club where our remaining fundraising efforts will be channelled so more on that later. Kind regards to all, Yvonne

Inner Wheel Club of Okehampton really do embrace Everything Okehampton supporting so much in their Community - it is also their 60th Birthday next year so watch out for the invitation to their celebration!

INTERNATIONAL CHARITIES BEING SUPPORTED THIS YEAR BY OUR INNER WHEEL CLUBS THIS YEAR.

TORQUAY

We meet at the Livermead House Hotel on the second Monday of the month at 2pm and welcome visitors and prospective new members. After the club business we have tea and biscuits and then often a speaker. We sometimes have a social lunch between meetings at a local carvery.

Club President – Jeanette Dommett

I have been married to Alan for over 56 years and we have two children. Steven now runs our business selling grass cutting equipment and our daughter Rachel is a Consultant Oncologist at Bristol Children's Hospital. We have four grandchildren.

I joined Torquay Inner Wheel over 20 years ago and have held various posts in that time. I started as Social Organiser and then moved on to Club Correspondent. I took on the post of Club Treasurer for several years and I was my Club's President in 2010/11 before joining the District Executive as District Treasurer. I then became Vice District

Chairman which led to two years as District Chairman covering the Covid time which was not easy. I was honoured to become a Member of Council for three years and served on the Membership and Development Committee in my last year.

I am now having an easy year as Club President! We have a busy year planned so I am sure we will have great friendship and fun.

...And more about our Club Introducing the Inner Wheel Torquay Club Committee 2024-25. Thank you to these ladies who volunteer their time and energy keep our club active and vibrant.

L - R

Deirdre, Club Correspondent and Membership and Development Officer

Margaret, Secretary

Jeanette, President

Roz, Treasurer

Sandy, Social and Fundraising Officer

Sandra, International Service Chairman

The Inner Wheel Club of Torquay's President's Lunch was held on Thursday 22nd August 2024 at Dainton Park Golf Club. President Jeanette addressed the club. With a delicious menu and good conversation, a great time was had by all.

At our October meeting we were pleased to provide food donations to **Hector's House Residents**, a local Devon charity working to rescue and rehabilitate stray cats. It was really lovely to meet two 11 week old kittens at our meeting, and special thanks to our Speaker Tabitha for bringing them.

We are supporting Children's Hospice South West this year, we continue to collect bras and donate food to the Salvation Army. Our Facebook Page keeps us all updated and you can also find the link on our [D17 page on the Inner Wheel Website](#)

NATIONAL & LOCAL CHARITIES BEING SUPPORTED THIS YEAR, SO FAR, BY OUR CLUBS.

I AM SURE WE ALL HAVE SPECIAL MEMORIES OF WHAT WE HAVE SEEN AND DONE. THESE ARE JUST THREE, FROM THIS SUMMER, FROM OUR BARNSTAPLE INNER WHEEL MEMBERS.

One small summer episode, one IW member - Jane Lowe, Barnstaple

Have you ever been to the BBC Proms at London's Royal Albert Hall or watched any of the Proms on the television? Many may wonder, knowing my passion for variety in life, why I should keep traipsing back there year in year out. Over the last 56 years, each and every event has been memorable but one of this year's performances was especially so.

*With my husband Jim and two friends, new to the Proms, we were part of a special performance on August 24th marking the 200th Anniversary of Beethoven's 9th Symphony, a "game of two halves" **revolving around the profoundly deaf genius Beethoven.***

*The first half was a stage play taking Beethoven's 139 recently discovered 'chat diaries' that he used to communicate with others. This was acted out, revealing so much about his life, including his frustrations, his nervousness and his food choices. (For example the lead-based sweetener in the cheap wine he constantly drank probably contributed to liver disease and his death at 56.) **He was human, he was deaf and we got this insight.** All this was explained throughout with the addition of sign language. During this time 'MC' Nicholas Collon also explained in easy-to-understand words the musical structure of each movement of the symphony with the Aurora Orchestra. **Everybody on stage, actors and musicians stood to perform, gliding on and off stage as they were needed. Every part was done by memory. Collon brought on singers, such young people, again working from memory as it was explained how that famous "Ode to Joy" melody came into being.** Collon was demanding - we, the audience, had to join in and slacking was not tolerated. Using the basic notation words of Do Ray Me etc to sing the tune, the many thousands of us in that Hall (including me) were totally confused after 5 minutes about which note was which! But what fun.*

The second half was a performance of the 9th Symphony with a difference. No scores, no stands, every part was done by memory. The work never fails in its "wow factor". As an audience, somehow we felt we had invested in this - after all we had worked too. As it was at its premier in 1824, it was greeted with standing rapturous applause. And, the icing on the cake for me was watching the TV replay - at the very end, when the credits finished, as the camera panned round, I saw myself for 3 seconds in the Choir East seats on national TV!

A beautiful photograph of our countryside - Pat Malek, Barnstaple, who has taken so many beautiful photos over the years.

Clouds and Shadows on the Coombes of Exmoor.

Nottingham in August - Not everyone's 'cup-of-tea' for a holiday destination but surprisingly inspiring - June Tamlyn, Barnstaple

As well as the central Old Market Square being turned into a beach for the schools summer holidays, Wollaton Hall and Deer Park nearby was an amazing space for exhibitions and free for all. We were wowed!

We visited the exhibition by Dr Willard Wigan MBE, creator of Miniature Masterpieces, many made in the eye of a sewing needle.

Title: The point of Glory (2022)

This sculpture celebrates achievements of heptathlete Katarina Johnson-Thompson for winning gold and retaining her Commonwealth Games title in Birmingham, Willard's hometown. He wanted to celebrate the games by depicting one of the most challenging events. Willard's work is a test of his endurance and commitment to finish, much like the dedication of heptathletes who compete in what is widely considered to be the ultimate athletic test over two days.

Materials: 24-carat gold javelin, Kevlar, nylon and painted with an eyelash.

Time to make: 10 weeks

*We entered a room full of microscopes and were mind blown by what we saw. To add to this it was actually the day Katerina Johnson-Thompson was competing in the Olympics in Paris. **If you don't know about [Willard Wigan Google him](#)** and find out about his life and what he has achieved - it is a very powerful and thought provoking story.*

ALL OF OUR INNER WHEEL CLUBS IN DISTRICT 17
(Barnstaple, Dartmouth, Exmouth, Okehampton & Torquay)

are supporting those who need our help

mary's
meals

a simple solution to world hunger

School + Food
= Hope

We are collecting leftover foreign currency - coins and notes - as well as UK coins and notes that are no longer legal tender.

Please help us to provide nutritious school meals to children living in some of the world's poorest countries.
